

# Wipro Commences deliveries to Boeing

Press Release (Jan 10, 2019)Coverage

**Times of India**

## Wipro commences deliveries to Boeing

**Bengaluru:** Wipro Infrastructure Engineering (WIN) Thursday announced that it has commenced shipments of parts supplies to Boeing from its plant at Devanahalli near here. WIN said Boeing has contracted Wipro Aerospace to manufacture strut assemblies for the 737 MAZ and Next-Generation 737 airplane programmes.

It said that the two companies have partnered together in the last few years, expanding the level of support the Aerospace division provides to the jet manufacturer.

WIN has provided various aerostructures and components for the 737, 767 and 787

### LOCAL PRODUCTION

Dreamliner programs through its facility in Israel.

“Original Equipment Manufacturers (OEMs) like Boeing source systems and components from India, and our expertise with aerostructures and actuators provide a viable option for OEMs,” Pratik Kumar, CEO, Wipro Infrastructure Engineering, said. AGENCIES

### Wipro's aerospace biz begins deliveries to Boeing

WIPRO INFRASTRUCTURE Engineering (WIN) on Thursday announced that it has commenced shipments of parts supplies to Boeing from its plant at Devanahalli near Bengaluru. WIN said Boeing has contracted Wipro Aerospace to manufacture strut assemblies for the 737 MAZ and Next-Generation 737 airplane programmes. It said the two companies have partnered together in the last few years, expanding the level of support the Aerospace division provides to the jet manufacturer.

## Wipro's aerospace biz starts deliveries to Boeing

**BENGALURU, DHNS:** The aerospace business of Wipro Infrastructure Engineering (WIN) on Thursday commenced shipments of part supplies to Boeing from its plant in Bengaluru.

WIN, part of Wipro Enterprises which has set up a plant in Devanahalli, is contract manufacturing strut assemblies for the 737 MAX and Next-Generation 737 aeroplane programmes.

Commenting on the development, Wipro Infrastructure Engineering CEO Pratik Kumar said original equipment manufacturers (OEMs) like Boeing source systems and components from India, and WIN's expertise with aerostuctures and actuators provide a viable option for OEMs.

"It is a privilege to partner with Boeing to support their highly successful 737 programme," said Kumar.

Boeing India Supply Chain Director Ashwani Bhargava said the company's partnerships with Indian suppliers play an important part in Boeing's global strategy.
